

Cross Country Boy

Bad Company

Oh I know I'm a cross country boy
Down that road I'm a-singin' my joy
Well I've been to every city, every city but a few
And if I didn't get there, you know I'm go into.

'Cause I know I'm a cross country boy
Down that road I'm singin' my joy, yeah.

Well I climbed the highest mountain, swam the deepest sea
I've even given notice to the space academy, oh yeah.

I told them I know I'm a cross country boy
Down that road I'm singin' my joy.

Yeah yes I know I'm a cross country boy
Down that road I'm singin' my joy.

Yeah yes I know I'm a cross country boy
Down that road I'm singin' my joy.

Oh I know I'm a cross country boy
Yes I know I'm a-singin' my joy
Singin' my joy, singin' my joy, singin' my joy, singin' my joy
Oh yeah I'm a cross country boy
Down that road I'm singin' my joy
Singin' my joy, singin' my joy, singin' my joy, singin' my joy
Singin' my joy, singin' my joy.
