

# One on One

Bad Company

Ooh yeah  
Listen

I'm watching you watching me  
Got this one desire that burns inside of me  
The look on this face makes me [?] for you  
You spin me 'round, you can make a strong man weak

I can't help myself this time, I just can't say no

Hey hey, bless my soul, I'm under your spell and I can't let go  
You got me living in a fantasy, fascination's taken hold of me  
Hey hey, I've gotta go, I want you so bad that I can't let go  
If I could take just a little bit of time, see you down the line

Well, I'll see you, yeah

It's one on one, me and you  
There's nowhere to run, I wanna see it through  
Run and hide, a fire burns  
There's no turning back, this is no return

I can't help myself this time, I just can't say no

Hey hey, bless my soul, I'm under your spell and I can't let go  
You got me living in a fantasy, fascination's taken hold of me  
Hey hey, I've gotta go, I want you so bad that I can't let go  
If I could take just a little bit of time, see you down the line

Guess I'll see ya  
Girl, I'll see you  
Baby, I'm seeing ya!

I can't help myself this time, I just can't say no

Hey hey, bless my soul, I'm under your spell and I can't let go  
You got me living in a fantasy, fascination's taken hold of me  
Hey hey, I've gotta go, I want you so bad that I can't let go  
If I could take just a little bit of time, see you down the line

Hey hey, bless my soul, I'm under your spell and I can't let go  
You got me living in a fantasy, fascination's taken hold of me  
Hey hey, I've gotta go, I want you so bad that I can't let go

Guess I'll see you  
Yeah, down, down the line...
