

Where I Belong

Bad Company

I'm making sure another late night drags on
Just one more drink, but you know I'm wrong
Sooner or later, when everyone's gone
You just shake your head and take my hand

You seem to know what it takes me time to tell
But then you know me, surprises me how well
You make me an offer that I can't refuse
Take my arm and walk away

Help me find my way home
Along this rocky road, 'cause I can't carry on
Will you head me to my bed
Ease my aching head, take me where I belong

Sometimes you smile at the clothes that I wear
You listen to reason when I just don't care
It's bringing me down, then I start to fall
You catch my heart and don't let it go

Help me find my way home
Along this rocky road, 'cause I can't carry on
Will you head me to my bed
Ease my aching head, take me where I belong

As I see you lay your head
I'm glad it's next to mine, mine, whoa

Won't you come on home?

Help me find my way home
Along this rocky road, 'cause I can't carry on
Will you head me to my bed
And ease my aching head, take me where I belong

Help me find my way home
Along this rocky road, 'cause I can't carry on
Will you head me to my bed
And ease my aching head, take me where I belong

Take me home
Take me home
