

Dirty Spaceman

Bad Lip Reading

Are you the one?
Are you?

Yeah, yeah, yeah
Baby, I want it in my dumpster, yeah!
All these Chinese men be texting me
"What's happenin', Slick?"
Then I throw up in my towel, perfect shellfish
I ate extra Cheerios, ho!
Yeah

And them Spanish guys raided my domicile
All they wanted was to try to choke my dog
But I'm feeling fine
I'm on bottle ninety-nine
I hate Gumby more than you

Tonight I'm leavin'
Though I'm bleedin'
Now you know me as
Dirty spaceman, yeah
Tonight I'm leavin'
Got that spaceman head
And now I'm leavin'
(Now I'm leavin')

Angel mouth ate my Jedi Jello
Now she feels the burn
(Now she feels the burn)
And I'm feeling extra angry
I-I-I I'm the Dirty Spaceman
Yeah, yeah, sometimes I'm pretty

I bought a leopard kept it freestyle
Now all these teenage chickenheads call me all night
One that looked like Brundlefly
Said to me "can you leave your wrinkled Willie glue
Inside my ocean, please?"
But I didn't cause her booty flat, flat, flat
Yeah, I'm a genius, trust me, it was fully sad
I said "get a whiff of you, you need a ass shroud"
Tuesday night, I did it with no hands

Tonight I'm leavin'
Though I'm bleedin'
Now you know me as
Dirty spaceman, yeah
Tonight I'm leavin'
Got that spaceman head
And now I'm leavin'
(Now I'm leavin')

Angel mouth ate my Jedi Jello
Now she feels the burn
(Now she feels the burn)
And I'm feeling extra angry
I-I-I I'm the Dirty Spaceman

That chick let my frog out
And I mean it hopped and it hopped out in space
Adrian's gone, gone
Tie dye Einstein takes stop signs

They tried to turn our summer plastic
Let me see you wander to my house
I'd love to eat a bag of children
Cook 'em "over easy" on a Monday
I can tell I'm beginning to like Alejandro
He's brave and dapper and not drunk
And I loved his junk in high school
He's like a big Swiss hand rapist
He stained my shirt
Took forever to get that ghost out my house
You stupid poltergeist
I jumped in my car
Got my pennies in a jar
Hit McDonalds and got a hamburger!

Seed money for the re-animator!

So I decided not to put those Bacos on my yam
I put them on my chili
Me and my crew we love
Ping-pong and paintball all night
All night, in the morning we can't stop
Til they think I'm a pink bunny
River deep, mountain high
Shave my pubes, got that fever flowing up
Shawty, tell me, holla
Yeah, every grandma oughta freak when they see me
And my brown one-eye (One-eye)

Tonight I'm leavin'
Though I'm bleedin'
Now you know me as
Dirty spaceman, yeah
Tonight I'm leavin'
Got that spaceman head
And now I'm leavin'
(Now I'm leavin')

Angel mouth ate my Jedi Jello
Now she feels the burn
(Now she feels the burn)
And I'm feeling extra angry
I-I-I I'm the Dirty Spaceman...
