Lushfull

Bad Lip Reading

I did a gollum sound
As I licked the cobbler down
Like the kid in Home Alone
Tell your niece to call me Sloan
While you're eatin' carpet toast
I can steal your toe me toes
I don't need an armored clown
And I don't need a karma loan

I can knock a dry pickle with a shovel
While the blindfolded leeches do a dance
What makes me this lushfull, lushfull (I'm gonna sing)
I don't like to trade spit with a lover
When there's barf on his legs
Who does that?
What makes me this lushfull, lushfull (catapults are sick)

I'd like to cure the common cold
'Cause some diseases don't belong
There's seagulls on my log
No testicles on my dog
Sometimes I get a caramel toe
No, not camel, I said caramel yo
I hear a distant lump sound
I bought a brazier at garment town

I can knock a dry pickle with a shovel
While the blindfolded leeches do a dance
What makes me this lushfull, lushfull (hop on a stick)
I don't like to trade spit with a lover
When there's barf on his legs
Who does that?
What makes me this lushfull, lushfull (elbows are good)

Hey kid your home's gone (oh oh oh)
Nobody sings herpes songs (oh oh oh)
You gotta eat your herbs yo (oh oh oh)
I'm so addicted to germ slaw (oh oh oh ooh ooh)

I can knock a dry pickle with a shovel
While the blindfolded leeches do a dance
What makes me this lushfull, lushfull (hippos are cute)
I don't like to trade spit with a lover
When there's barf on his legs
Who does that?
What makes me this lushfull, lushfull (hop on the scale)

Look it's a zombie goat
Hey, where did your arms go?
