

# Time To Rock

## Bad Lip Reading

Clarkman got me into the show  
And there was a huge dude pimpin' solo  
Right where we cut through  
And I think he took my blush and eyeliner  
But who has a glass?  
My breath ain't cool, yo  
I have to drink, and that'll make it good

So I ate a big rock, and don't think I'm a hog, but  
Chicken smeared with Funyuns - shit really tastes good!  
I mean, I just ate some and it tasted so...  
Maybe it's just me, but I hate mixtapes

Are you deaf  
Boy, I'ma beat you  
Ho, we should kick you  
It's time to rock  
We don't wanna disco with your ass  
I hate gorillas  
We got moves, and dumdums we like

I had another look, and it's not that bad  
That black guy said, "Show me them!" Shhhhhh!  
I went up to Scott, and I whistled at him  
And he said, "Call me after you're fucking hotter"  
"You're so retarded!"

I need some pudding  
I've just been dumped  
But I do it on my weekends  
Ashby was so rude to me, she said, "You look like your mom"  
Fuck this, I can't hear you in the market

Are you deaf  
Boy, I'ma beat you  
Ho, we should kick you  
It's time to rock  
We don't wanna disco with your ass  
I hate gorillas  
We got moves, and dumdums we like

Are you deaf  
Boy, I'ma beat you  
Ho, we should kick you  
It's time to rock  
We don't wanna disco with your ass  
I hate gorillas  
We got moves, and dumdums we like

Ho, ho, a white rocket gets you sick  
Can you rock hard and chase that pig  
With a baby snake in that cage  
Jump in the laundry  
You know I'll haunt your junk

Are you deaf  
Boy, I'ma beat you

Ho, we should kick you  
It's time to rock  
We don't wanna disco with your ass  
I hate gorillas  
We got moves, and dumdums we like

Are you deaf  
Boy, I'ma beat you  
Ho, we should kick you  
It's time to rock  
We don't wanna disco with your ass  
I hate gorillas  
We got moves, and dumdums we like

Nazis?  
Whimper face
