

Got No Brains

Bad Manners

A vum bum bum bum de hay
A vum bum bum bum de hay

My heavy feet are leading me somewhere
Here the rhythm calling to come where

A vum bum bum bum de hay
A vum bum bum bum de hay

Reggae music come to my rescue
Need to feel the bass and the beat to move

People say I'm lost in a daydream
Don't see eye to eye with the mainstream
Searching for a new kind of treasure
Heavy manners is my kind of pleasure

I've got no brains in my genes
A vum bum bum bum de hay
I've got no brains in my genes
A vum bum bum bum de hay

We don't offer a simple solution
All we do is deal in confusion

Got no brains, got no brains
I got no brains, I got no brains
I got no brains in my genes
I got no brains, I got no brains
I got no brains, I got no brains
I got no brains in my genes!

Got no brains, got no brains, got no
Brains, got no brains, I got no brains
In my genes
Got no brains, got no brains, got no
Brains, got no brains, I got no brains in my genes

I got no brains in my genes
A vum bum bum bum de hay
I got no brains in my genes
A vum bum bum bum de hay

If you feel the need to be wiser
Listen to the dub supervisor
A vum bum bum bum de hay
A vum bum bum bum de hay

We don't offer a simple solution
All we do is deal in confusion

I've got no brains in my genes, I've got no brains in my genes
A vum bum bum bum de hay, a vum bum bum bum de hay
I've got no brains in my genes, I've got no brains in my genes
A vum bum bum bum de hay, a vum bum bum bum de hay
I've got no brains in my genes, I've got no brains in my genes
