

Dreaming

Bad Nerves

As I lie in my bed, dreaming forever
Dead but my love outlive me
I'm a line in your head
Living like a wave
Life after the gutter

I don't wanna be dead like you
I don't wanna be dead like you
I don't wanna be dead like you (like you)
I don't wanna be dead like you
I don't wanna be dead like you
I don't wanna be dead like you

As I lie in my bed, dreaming forever
Dead but my love outlive me
I'm a line in your head
Living like a wave
Life after the gutter

Can a sound go so far?
Can a sound go so far?
Can it live forever?
Girl, I need some more time
Girl, I need some more time
I'm yours and you're mine

As I lie in my bed, dreaming forever
Dead but my love outlive me
I'm a line in your head
Living like a wave
Life after the gutter

As I lie in my bed, dreaming forever
Dead but my love outlive me
I'm a line in your head
Living like a wave
Life after the gutter
