

Last Beat

Bad Nerves

You tap your foot to the last beat on your own
You tap your foot to the last beat on your own
You tap your foot to the last beat on your own
You tap your foot to the last beat alone

And I just don't know what I'm running away from
I'm close to blowing up my heart

You tap your foot to the last beat on your own
You tap your foot to the last beat
You tap your foot to the last beat on your own
You tap your foot to the last beat
You tap your foot to the last beat alone

And I just don't know what I'm running away from
I'm close to blowing up my heart

You tap your foot to the last beat on your own, on your own
You tap your foot to the last beat on your own, on your own
You tap your foot to the last beat alone
You tap your foot to the last beat
You tap your foot to the last beat on your own
You tap your foot to the last beat
You tap your foot to the last beat alone
You tap your foot to the last beat
You tap your foot to the last beat on your own
You tap your foot to the last beat
You tap your foot to the last beat alone

It's the last beat, it's the last beat on your own
It's the last beat, it's the last beat on your own
It's the last beat, it's the last beat on your own

And I just don't know what I'm running away from
I'm close to blowing up my heart

You tap your foot to the last beat on your own, on your own
You tap your foot to the last beat on your own, on your own
You tap your foot to the last beat alone
