

## Dream Of Unity

Bad Religion

I had a dream of unity  
where we would walk side by side  
but today I see that it's only me  
just tryin' to get by  
sometimes we strive undeterred  
to walk as one toward our goals  
but as people stray toward more selfish ways  
we see we have no control

I had a dream of unity  
where we would walk side by side  
but today I see that it's only me  
just tryin' to get by  
just tryin' to get by
