

## Faces of Grief

Bad Religion

Broken engines of belief  
Iniquity in stark relief  
Red rabble of mendacity  
(A cabal of psychopathy)

Grim bailiffs wait like minarets  
While sister fends a mounting threat  
In crucible of hypocrisy  
(A Greco-Roman tragedy)

Faces of grief  
Rage is a key  
Pain is a thief  
Faces of grief  
Rage is a key  
Pain is a thief

Amidst darkness let us vow to insure her light will be remembered

Radicalized Evangelicals  
Awash in primate chemicals  
Bare shiny fangs for all to see  
(A rictus of misogyny)

Obeisance to a maniac  
The slavering lackeys stay on track  
In this democracy's darkest hour  
(A doctor dares speak truth to power)

Faces of grief  
Rage is a key  
Pain is a thief  
Faces of grief  
Rage is a key  
Pain is a thief

Amidst darkness let us vow to insure her light will be remembered
