

# Back To Zero

Bad Suns

I thought you were the one  
I thought you were the one  
I thought you were the one  
I thought you were the one  
Back to zero

Bone-white moonlight  
Sirens, fireworks, and motorbikes  
Wide awake, I'm thinking, "There's no place like home"  
Another night in bed alone

I go to work every day, every night, I plan my escape  
Nothing ever works out the way I thought it would  
Seek clarity in therapy, edit out what might sound insane  
I don't think that it works this way

I thought you were the one  
I thought you were the one  
I thought you were the one  
I thought you were the one  
Back to zero

Earthbound angel  
I wanna see the world the way you do  
Find beauty in what's painful  
Love every moment as it is  
I'm looking back on nights I miss

Dismantle your lingerie, dim the lights while I kiss your waist  
Run your hand through my hair, I taste your perfume  
Lips like strawberry, "Bobby Jean" on the stereo  
My heart aches, gave you all of me, my mistake

I thought you were the one  
I thought you were the one  
I thought you were the one  
I thought you were the one  
Back to zero

Zeros on the clock, I dial your number  
I just wanna talk, hear how you've been  
You were the one  
Back to zero  
Back to zero

I thought you were the one  
I thought you were the one  
I thought you were the one  
I thought you were the one  
Back to zero

Zeros on the clock, I dial your number  
I just wanna talk, hear how you've been  
You were the one  
Back to zero  
Back to zero

Yeah
