

Communicating

Bad Suns

Check my phone
Am I dreaming?
New message
"Are you doing anything this evening?"
Clear my plans, I've got some time and a bottle of wine
Researching your sign
Pick you up at 9:00

Late night showing
Take you home and

Do you want me to stay?
You've got a really funny way of communicating
Do you want me to go?
It's like I never really know
If you love or hate me
Tongue in cheek, I'm anxious
Now you're speaking my language
Do you want me to stay?
You've got a really funny way of communicating

Body and mind on separate vacations
I'm down to drive if you're navigating
It could be like a movie scene
Palm trees, ocean breeze
Sunset, broken dreams

Where's this going?
Take you home and

Do you want me to stay?
You've got a really funny way of communicating
Do you want me to go?
It's like I never really know
If you love or hate me
Tongue in cheek, I'm anxious
Now you're speaking my language
Do you want me to stay?
You've got a really funny way of communicating

Do you want me to stay?
You've got a really funny way of communicating
Do you want me to go?
It's like I never really know
If you love or hate me
Tongue in cheek, I'm anxious
Now you're speaking my language
Do you want me to stay?
You've got a really funny way of communicating

You've got a really funny way, got a really funny way
You've got a really funny way of communicating
