

# Summer Lightning

Bad Suns

I don't know where to start, I don't want this to end  
I've been falling apart every now and again  
Never know what to say, but you get it anyway like you do  
It was warm in the night, looking cool in your car  
Nearly started a fight playing pool in the bar  
Now you're walking away with a smile on your face like you do

Same old situation  
Poisonous temptation  
Adjust my expectations for a little less sunshine

Summer lightning  
Fun and frightening  
No one I've found does letting me down quite like you

Down the rain-swept streets, we parade through the night  
All the secrets we keep under wraps come to light  
We'll never go the distance down the path of least resistance, it's true  
At the end of the tunnel, we could finally breathe  
At the end of the summer, if you have to, then leave  
I'll save up my money, I'll follow you, honey, like I do

Adjust my expectations for a little less sunshine

Summer lightning  
Fun and frightening  
No one I've found does letting me down quite like you  
Summer lightning  
Fun and frightening  
No one I've found does letting me down  
No one I've found does letting me down quite like you

Ooh-ooh-ooh, ah-ah  
Ooh-ooh-ooh, ah-ah  
Ooh-ooh-ooh, ah-ah

Same old situation  
Poisonous temptation  
Adjust my expectations for a little less sunshine

Summer lightning  
Come and strike me  
No one I found gets up off the ground quite like you  
Summer lightning  
Fun and frightening  
No one I've found does letting me down  
No one I've found does letting me down quite like you

Ooh-ooh, ah-ah  
No one I've found does letting me down quite like you  
Ooh-ooh, ah-ah  
No one I've found does letting me down quite like you
