

# Time Time Time

Bad Suns

Time, time, time  
What does it even mean  
I wish it would leave me alone  
Well I lost this time  
And every time we fall  
Back to this place that feels wrong  
Well I knew  
When I saw your eyes  
And you saw mine  
That it was you  
And I would make you mine  
Make you mine  
Oh

You lied, lied, lied  
I solved a mystery  
And I'll take my chances  
It's fine  
Ten mistakes that I would never make  
Eleven mistakes that are mine  
Ooh  
We started something new  
And you keep running but ooh  
I'll tell you something  
I can't keep on running no more

I knew  
When I saw your eyes  
And you saw mine  
That it was you  
And I would make you mine  
Make you mine

I'll make you mine  
I'll make you mine  
I'll make you mine, oh oh  
I'll make you mine  
I'll make you mine  
I'll make you mine, oh oh

I tell you I don't need everything  
Everything is nothing to me  
But when I tell you I don't need everything  
It's 'cause you're everything that I need

Well I tell you I don't need everything  
Everything is nothing to me  
But when I tell you I don't need everything  
It's 'cause you're everything that I need

Come on, come on  
Ooh  
We started something new  
And you keep running  
And ooh  
I'll tell you something  
I can't keep on running no more

I knew  
When I saw your eyes  
And you saw mine  
That it was you  
And I would make you mine  
Make you mine

I knew  
I saw your eyes  
And you saw mine  
That it was you  
And I would make you mine  
Make you mine

I'll make you mine  
I'll make you mine  
I'll make you mine, oh oh  
I'll make you mine  
I'll make you mine  
I'll make you mine, oh oh

I tell you I don't need everything  
Everything is nothing to me  
And when I tell you I don't need everything  
It's 'cause you're everything that I need
