

## Bad Friend

## Bad Wolves

Memories and photographs  
Don't wanna bring it all back  
Lies barely work at all  
Unconditional  
Fucking fictional  
Favors, you need this and that  
Yea man, I'll call you right back  
Like trends, you flash and fall  
Unforgivable  
Hypocritical

Take another look at your smile  
Wide enough to stay in denial  
Not that surprised that you let me down  
Find another way to survive  
Just another way to get by  
My hands are bound, I'll see you 'round  
Cause bad friends die alone

Phone rings, that fucking sound  
Somehow my money they found  
"Be kind" barely works at all  
Friends are counterfeit  
Like they're proud of it  
Rearrange and do the math  
It's not as simple as that  
My mind can't decide at all  
I'm too critical  
You're too typical

Take another look at your smile  
Wide enough to stay in denial  
Not that surprised that you let me down  
Find another way to survive  
Just another way to get by  
My hands are bound, I'll see you 'round  
Cause bad friends die alone

Like strangers in a hallway  
It's best we go our own ways  
I'm leaving town, I'll see you 'round  
Cause bad friends die alone

Take another look at your smile  
Wide enough to stay in denial  
Not that surprised that you let me down  
Find another way to survive  
Just another way to get by  
My hands are bound, I'll see you 'round  
Cause bad friends die alone
