

I Swear

Bad Wolves

I... I've said the last of my goodbyes
It's like the longest kiss goodnight
Saturn we're growing older
Goodnight Saturn, goodbye take care

Over and over the question persist
Why? Why?

It's the same sound over and over and no one seems to care
It's the same ground over unbroken and over [?]

Signs... signs that we overlooked denial
If I only knew then
Goodnight, babe there's no getting over
Goodnight baby, goodbye, take care

Over and over the question persist
Why? Why?

It's the same sound over and over and no one seems to care
It's the same ground over unbroken and over [?]

Come rest your bones
Could've never have known
Come and rest forever

When she breaks down, breaks down
When she breaks down, breaks down

Over and over the question persist
Why? Why?

It's the same sound over and over and no one seems to care
It's the same ground over unbroken and over [?]
