

# In The Middle

Bad Wolves

Last night  
Couldn't fall asleep  
'Cause the wind was screamin' loud  
Thought I heard your voice  
'Bout a thousand times  
As the rain kept pourin' down  
Made me think of the last time  
But we never said our last goodbyes  
Just a memory of yesterday

I'm prayin' for a way to just move on  
Gets hard to breathe when it all feels wrong, yeah  
Can't stop the pain just a little  
Wish I could meet in the middle  
Sometimes I think that I'm insane  
When I talk out loud and I say your name  
Can you hear me just a little  
Wish I could meet you in the middle

Last year I saw you shine  
When you looked at me through dreams  
Got to mend those wounds  
'Bout a hundred times  
As the past evaporates  
And I want you to know that I was always by your side  
I don't know where to go now without you in my life

I'm prayin' for a way to just move on  
Gets hard to breathe when it all feels wrong, yeah  
Can't stop the pain just a little  
Wish I could meet in the middle  
Sometimes I think that I'm insane  
When I talk out loud and I say your name  
Can you hear me just a little  
Wish I could meet you in the middle

I'm prayin' for a way to just move on  
Gets hard to breathe when it all feels wrong, yeah  
Can't stop the pain just a little  
Wish I could meet in the middle  
Sometimes I think that I'm insane  
When I talk out loud and I say your name  
Can you hear me just a little  
Just you and me in the middle

In the middle  
In the middle  
When I talk out loud and I say your name  
Just you and me in the middle

Last night  
Couldn't fall asleep  
'Cause the wind  
Was screaming' loud  
Thought I heard your voice  
About a thousand times

But we never said  
Our last goodbyes  
Just a memory  
Of yesterday

I'm praying  
For a way to just move on  
Gets hard to breathe  
When it all feels wrong  
Yeah  
Can't stop the pain just a little  
Wish I could meet in the middle

Sometimes I think  
That I'm insane

In the middle

In the middle  
In the middle

When I talk out loud  
And I say your name

Just you and me  
In the middle
