

Learn to Live

Bad Wolves

Slave away, it's just another day
It's just another day without meaning
Blue to gray, another bill to pay
Until you die under a glass ceiling

Gas prices rise, we numb our feelings
Monetized and bipolarized
By the drugs that they've been dealing

Staring awake at the ceiling
You promised never to forgive
Tearing apart at the seams, baby
You better learn to fucking live

Because this world don't give a shit

Run the track and fucking play it back
And ask yourself when you stopped believing
Look inside, you can no longer hide
The discontentment that you've been feeling

There's so much more this life can hold
If you ignored the fucking broken record
Of a dream you've bought and sold

Staring awake at the ceiling
You promised never to forgive
Tearing apart at the seams, baby
You better learn to fucking live

Staring awake at the ceiling
You promised never to forgive
Tearing apart at the seams, baby
You better learn to fucking live

Staring awake at the ceiling
You promised never to forgive
Tearing apart at the seams, baby
Learning to fucking

Staring awake at the ceiling
You promised never to forgive
Tearing apart at the seams, baby
You better learn to fucking live
You better learn to fucking live
You better learn to fucking live
(Live, live, live)
You better learn to fucking live
(Live, live, live)
Because this world don't give a shit
