

## On The Case

## Bad Wolves

Suffering  
Fucked up  
Beneath the broken glass  
Shaking, cold sweat  
Burning skin, emotional collapse  
Blind  
Rage upon the weaker ones  
Conspire to erase  
Until the deed is done

Escape so someones saved  
Just don't take it to the grave alone

Setting fires just to watch as they burn  
(Watch as they burn)  
Can't be the only way  
To put off tomorrow  
You won't let go  
Until the scars that you've earned  
Will fail to fill up the hollow  
Will fail to fill up the hollow

Deconstructionist  
Prey on the weak  
To terminate insecurities  
Poisoning self reflection easily  
Accelerating rise of infamy  
The only way

Escape so someones saved  
Just don't take it to the grave alone

Setting fires just to watch as they burn  
(Watch as they burn)  
Can't be the only way  
To put off tomorrow  
You won't let go  
Until the scars that you've earned  
Will fail to fill up the hollow  
Will fail to fill up the hollow

Burn this castle down  
Become the king of ashes  
Wear a crooked crown  
Degenerate the masses

Burn this castle down  
Become the king of ashes  
Wear a crooked crown  
Degenerate the masses
