

# Sober

Bad Wolves

For a moment I can wait  
It's a fight I guess I'll never know  
For a moment I can wait  
I'm holding on to hope  
And I know you're stoned, I can see it  
The struggle's getting old  
For a moment I can wait

'Cause you said you're sober  
Lying and I can't get closer  
Tell me should I let you go?  
Tell me should I let you go?  
'Cause you said you're sober  
Lying and I can't get closer  
Tell me should I let you go?  
Tell me should I let you go?

Every moment I'm awake  
It's a fight that you could never know  
Every moment I'm awake  
I'm clinging on to hope  
And I feel so low but I'm dealing  
The struggle's getting old  
Every moment I'm awake

But I'm getting sober  
Trying but I can't get closer  
Baby did you let me go?  
Baby did you let me go?  
Now I'm getting sober  
Trying but I can't get closer  
Baby did you let me go?  
Baby did you let me go?

On and on we pray  
Thinking 'bout time and our mistakes  
Thinking 'bout time  
Thinking 'bout time  
'Cause it's about time  
On and on we pray  
Thinking 'bout time and our mistakes  
Thinking 'bout time  
Thinking 'bout time  
'Cause it's about time  
( 'Cause it's about time)

So don't say it's over  
Waiting here while you get sober  
I'm never gonna let you go  
I'm never gonna let you go  
So don't say it's over  
Waiting here while you get sober  
I'm never gonna let you go  
I'm never gonna let you go

On and on we pray

Thinking 'bout time and our mistakes  
Thinking 'bout time  
Thinking 'bout time  
'Cause it's about time  
( 'Cause it's about time) On and on we pray  
Thinking 'bout time and our mistakes  
Thinking 'bout time  
Thinking 'bout time  
It's about time
