

# Springfield Summer

Bad Wolves

Wide awake  
With no control  
Need a change  
Need a miracle

Wish I could let it go  
I'll become a ghost  
Then no one would ever know  
How long  
I've been here

Saturdays  
Yeah  
They come and go  
Springfield summer  
If you know, you know  
It's the same everyday  
Yeah  
Taking pictures  
Won't save me

Oh God  
I see the bottom  
And I know where that goes  
It's a crazy conversation  
But I need it the most  
Ain't no rhyme  
Ain't no reason  
When I'm fixing to go  
But I'm waiting for the day

When the devil  
Comes calling me again  
Will you remember  
All I've ever meant (All I've ever meant)  
I sacrificed and practiced  
Playing for pretend  
Springfield summers  
Pouring rain on me again  
Rain on me again

Things change  
Now I found my role  
Not afraid  
It's unbelievable

Placing my fear on hold  
No longer  
It's only touch and go  
Swimming through my tears

No more claims  
Yeah, that got real old  
Taking cover  
Not no more  
It's just the way of my brain  
Yeah

Electrifying the way  
Yeah

Oh God  
I see the bottom  
And I know where that goes  
It's a crazy conversation  
But I need it the most  
Ain't no rhyme  
Ain't no reason  
When I'm fixing to go  
But I'm waiting for the day

When the devil  
Comes calling me again  
Will you remember  
All I've ever meant (All I've ever meant)  
I sacrificed and practiced  
Playing for pretend  
Springfield summers  
Pouring rain on me again  
Rain on me again

Yeah!

Oh God  
I see the bottom  
And I know where that goes  
It's a crazy conversation  
But I need it the most  
Ain't no rhyme  
Ain't no reason  
When I'm fixing to go  
But I'm waiting for the day

When the devil  
Comes calling me again  
Will you remember  
All I've ever meant (All I've ever meant)  
I sacrificed and practiced  
Playing for pretend  
Springfield summers  
Pouring rain on me again  
Rain on me again

Springfield summers  
Pouring rain on me again  
Rain on me again
