

# The Winner

Badfinger

You can drive a car, be a movie star  
Any day of the week  
You don't have to shout or walk about  
You just have to speak  
Say baby, you just have to speak

You can fly a plane, maybe go insane  
Any day that you like  
Everyone'll say, "Have you been away?"  
Everything is alright  
Say baby, everything is alright

Here he come, that's a winner  
Here he come, take a look, write a book  
You can eat him up for dinner, yeah

You can run around over stony ground  
Or lay in the sand  
You don't have to show what you really know  
We all understand  
Say baby, we all understand

You can drive a car, be a movie star  
Any day of the week  
You don't have to shout or walk about  
You just have to speak  
Say baby, you just have to speak

Here he come, that's a winner  
Here he come, take a look, write a book  
You can eat him up for dinner, yeah

Baby, we all understand  
Baby, we all understand  
Baby, we all understand

(Yeah, we all understand) (7x)
