

# Turn Around

Badfinger

As we've turned these empty pages. I have seen the sweat and pain

Do we have to waste these ages. Going through it all over again?

Let's forget all the dreams we had  
Play your dreams of yesterday

When will we ever learn? When will we turn around?  
When will we ever learn? When will we ever learn?

All that's left now is to keep on hoping We can change the dice  
that's cast

I remember how they laughed then But I knew it wouldn't last  
I've tried so hard to close my eyes  
But I just can't close my mind

When will we ever learn? When will we turn around?  
When will we ever learn? When will we ever learn?

One thing's for certain while we're here  
One thing's for sure, only the fear

I've tried so hard to close my eyes  
But I just can't close my mind

When will we ever learn? When will we turn around?  
When will we ever learn? When will we ever learn?

Hey, yea.
