

I'm a loser, no question
I lost myself and my girl today
Am I aging, or am I dying?
At 24 years, I had the world to save
And I was so wonderful that way

So let me go
So let me die
Cause I'm too afraid to be alive
I'm giving up
On everything
I miss you all, I always will

I'm a junkie, I'm a monkey
I'm a panicked freak, and I'm over it
My complexion, my reflection
At 24 years, I had the heart to play
And I was so wonderful that way

So let me go
So let me die
Cause I'm too afraid to be alive
I'm giving up
On everything
I miss you all, I always will

Breathe
I was so wonderful
I was so wonderful
I was so wonderful

I'm letting go
I'm so ashamed
That I'm giving up on who I am
So watch me die
With my past
And wonder why it couldn't last
