Ye jo kahaani maine tumko sunaani hai  
Purani jaani-maani suni kayion ki zubaani hai  
Banda banta tezz lekin kudrat badi sayaani hai  
Jisne thooka hai muh pe  
Usne muh ki hi khaani hai  
Ab gaur se sun meri har ik baat ko  
Kaam tere hi wo aayega  
Tu jo bhi karega  
Upar wala tere hisse me likhta jayega  
Jo bhi khoyega, wahi paayega  
Jo bhi boyega, wahi khayega  
Tu duniya ko jo dega  
Wohi wapaa duniya se tujhko aayega  
Sukh paayega jo baat tuje ye rat gayi  
Kaamyabi toh shortcut gayi  
Kitno ki zindagi yunhi kat gayi  
Acche acchon ki \* phat gayi

Tu kya cheez hai itna bata  
Kya teri aukaat hai aage Khuda ke  
Kis'se bada ban'na chahta hai  
Apne aap ko bada bata ke

Loot ke auron ke paise bana tu rich (boy)  
Uske hathon me trigger  
Darr, na de wo khich (boy)  
Meri salah tujhe bas yahi hai  
ke soch samajh ke kariyo jo bhi karna hai  
Coz Karma is a bitch (boy)

Mode tangi dunali kisse ton darda nahi  
Hansda nai marrna nahi  
What about the pistot, tere dushman kol  
Hun phas gaya ve  
Bullet te beh ke laounda geda  
Bullet te naam likhwaya tera  
Khich ke tere piche ohna  
Maarna while you sit there

What do you thing you can hide from  
Anything that you wink your eyes on  
Every action has a reaction  
And that is the truth  
That you should base your life on  
But you lie to yourself take selfies  
And hide from yourself?  
You could try buy some help  
But you never loose your calm  
Beside your wealth  
You'll find a way to rescue  
I could pray for you  
Find a angel too  
Say that they gonna protect you  
People you done, there is no way!  
I ain't saving you

What to do, ki karda tu?  
Player tu ban'na chaonda si  
You're screaming now  
What to do, ki karda tu?  
Player tu ban'na chaonda si  
You're screaming now  
I need a substitute  
Enemies wanna end you  
Samajh na aave menu... menu...  
Kudiya sariyan kendiyan tenu... tenu
