Oh my god!  
I've never seen a girl like you  
You have something special  
Your twinkling eyes keep making me curious

Oh my gosh!  
From the way you talk to the way you walk, everything is perfect  
I think you choose good perfumes  
Or your natural scent is white musk

I think pretty sounds common for you  
Rather than the glamorous makeup, you shine the way you are  
Among so many people  
Only you only you I can see  
You can just be there I'll come to you

I'll have a crush on you  
You look pretty  
It's gonna be serious  
You make me want to love  
I've got crush on u  
Got crush on u  
I think I've fallen for you  
Maybe I'm crush on u

Actually I don't believe in love  
Cuz I've gotten hurt so much  
A story like a fairytale to have a crush  
I've never believed it

That's why I'm saying  
Let's not waste time  
Honestly I'm nervous to death

You've got me stuck on you

I'll have a crush on you  
You look pretty  
It's gonna be serious  
You make me want to love  
I've got crush on u  
Got crush on u  
I think I've fallen for you  
Maybe I'm crush on u

I wanna be with you  
I wanna stick with you girl

I think I'm really crazy I can see only you  
I'll have a crush on you this way  
Don't take this lightly  
I really mean it  
I'm not an amazing person  
But I'll make you shine more than anyone

I'm a little embarrassed but I'll tell you  
That I like you  
I'm confessing my feelings for you

I'll have a crush on you  
You look pretty  
It's gonna be serious  
You make me want to love  
I've got crush on u  
Got crush on u  
I think I've fallen for you  
Maybe I'm crush on u

I think I'm really crazy I can see only you  
I think I have a crush on you  
I think I'm in love  
Maybe I'm crush on u
