

I've been living overexposed  
Searching for some answers unknown  
Now I'm digging for my own gold  
Yea I'm digging for my own gold  
Tired of sifting through what's gone past  
Tired of drifting on a life raft  
Yea I'm finally ready to dance, to dance, to dance

Oh! Is it the moon?  
Maybe the retrograde is really in tune  
I don't know, but I know the truth  
I'm so, I'm so, I'm so, I'm so fine  
My physical and mental are aligned  
For the first time in my fucking life  
I'm alright  
At least tonight  
I'm so, I'm so, I'm so, I'm so good  
I don't wanna jinx it knock on wood  
For the first time in my fucking life  
I'm alright  
At least tonight  
I'm so, I'm so, I'm so, I'm so

Zero gravity shoes  
Dancing on somebody else roof  
Feeling like my body's brand new  
Feeling like my body's brand new  
Guess I finally got my meds right  
Waking up on my, my good side  
Feeling like my mind is all mine, oh my, oh my
