

## Do Me Right

Baeza

Truth is, I'm really faded right now,  
Truth is, I wanna get you naked right now.  
To many shots, to many shots got my thoughts gone wild  
I might as well just let my thoughts run wild.

I can get you naked, grabbing on the sheets  
Get your heart racing, grabbing all on me  
Gripping on your body, grind me to the beat,  
Say grind me to the beat, grind me to the beat, yea.

Oh, I got you in your zone, yea.  
Oh, I love to hear you moan, yea  
Oh, we on some other shit tonight,  
Girl just do me right, girl just do me right  
Oh, girl just do me right [x2]  
Oh, we on some other shit tonight,  
Girl just do me right, girl just do me right.

Girl I can't see a damn thing, yea  
So I'm just gripping on your damn frame.  
Oh, you go me racing, for the finish lane,  
But I'm gonna let you get close before a mile,  
Ain't no rushing girl, got all of this time,  
Go and do me right, go and do me right.

From the bed to the floor to the shower,  
Making love for hours, making love for hours

(Truth is that I'm faded) truth is that I'm faded.  
Yea, (girl I just wanna get you naked) girl I just wanna get yo  
u naked [x2]

I got you in your zone, yea.  
I love to hear you moan, yea  
we on some other shit tonight  
Go and do me right  
Girl go and do me right  
Go and do me right  
Girl go and do me right, go and do me right  
Go and do me right [x4]
