Seems like my life can't balance itself out  
One thing goes good then I get hit by something else  
But that's life I ain't complaining all I'm saying  
It's the only time that I'm praying  
It's when you ain't laying with me  
I know theres more bish in this seat  
But I'm in this thing too deep  
And you get what you paid for  
Our lovin wasn't cheap  
So imma hold on to this cold bone  
Till I know one thing for sure  
And you so gone and I'm so wrong  
For not keeping all up pure  
And I know you think I'm immature  
Cause I'm young and I'm reckless  
But you shine girl like my necklace  
And yo beauty without cosmetics  
And I just want your acceptance  
Don't mind me I'm venting  
Yo energy is a blessing  
I'm in love no second guessing

So if you want me I'm here  
Girl I ain't going nowhere  
Girl I ain't going nowhere  
Girl I ain't going nowhere  
So if you want me I'm here  
Girl I ain't going nowhere  
Girl I ain't going nowhere  
Girl I ain't going nowhere  
So if you want me I'm here  
Girl I ain't going nowhere  
Girl I ain't going nowhere  
Girl I ain't going nowhere  
So if you want me I'm here  
Girl I ain't going nowhere  
Girl I ain't going nowhere  
Girl I ain't going nowhere  
So if you want me I'm here  
Girl I ain't going nowhere  
Girl I ain't going nowhere

You just leave me wating  
With no reply  
I might just die  
I hate to see you cry  
Look me in mah eyes

What kind of man am I?  
But I can't learn from my mistakes  
If you don't let me try
