

## Feel It

## Bag of Toys

Do you care what people say when they're standing in your way  
Not walking in your shoes / Even when they say ...They feel it  
No matter what they do / Or what they put me through  
Advice they wanna give / Gonna make it through ...And feel it

Turn it up loud, downtown where the beat began  
Open up the windows and listen to the groove within  
Turn it up loud, now, turn it up loud, now turn it up loud!

Do you hear the drums lock / the bass they tick tock  
Feel it in your chest / They hear it down the block ...They feel it  
There's something in your soul / Going overload  
Feeling like your chest is ready to explode ...You feel it

Turn it up loud, downtown where the beat began  
Open up the windows and listen to the groove within  
Turn it up loud, now, turn it up loud, now turn it up loud!

Because I've got no money / I've got no time  
I got no fancy job / But baby that's alright  
I've got a crap load of friends and ice cold beer  
I've got a nice 6 string / & nothing to fear

Because I waste my life / The one I choose  
Spend half my life buzzed off cheep booze

I've got a crap load of friends and ice cold beer  
I've got a nice 6 string / & nothing to fear

Can You Feel it? Can you Feel it?  
Aw man I feel it!

(MUSIC/SOLO AREA)

Oh no, whatchya gonna do / Everyone's trashed in this entire room  
Oh man, i think that you can take it / No time for me to explain it

Everybody's talking about everybody else  
Nobody's looking back at themselves  
Everybody's burning out / Everybody's churning out / Everybody's getting down

Do you hear it in the night / Damn that stuff is tight  
The Beat is sounding Fat / Guitars are sitting right ...I Feel it  
Something hanging round / The vibe in this old town  
Put a smile on my face / Whenever she's around ...I Feel it

Turn it up loud, downtown where the beat began  
Open up the windows and listen to the groove within  
Turn it up loud, now, turn it up loud, now turn it up loud!

Can You Feel it? Can you Feel it?  
Aw man I feel it!  
Can You Feel it? Can you Feel it?  
Aw man I feel it
