

Good Time

Bag of Toys

I was sitting up all night / waiting for you last night / for you to come around
But you never did / must have been FAKING IT (talking smack/shit) / when /
When you said that you would
I was tired of getting lied to / take it in stride to / tired of being tied to/
tried to be through... from me and you

So I called up an old friend / just to console in / she said that at she'd swing by
It started off innocent / talking 'bout the government / thought that it'd clear my mind
But the next thing you know / we were taking off our clothes
...rolling on the floor / tearing up the night
going back for more / going back for more

Ref: We had a good time / a good time
Everybody's talking about the good time that we had last night / When we were giving it a try
Running through the motions and tearing up the night
A good time / a good time
Just...thought i'd tell you that you can...
get back / get back / get back on that track
Get back you can go if you've got to go

Next morning when we woke up / felt a little awkward / until i saw her smile
Wondered how we'll play this / Wondered how we'll say this - that is all went down
We decided just go back / Like it all was back / Like it all was the day before
When we were friends...nothing more.

Could i say I want to go back?
Could i say I wish i'd never played this game at all?
Could i say I want to go back to that flow
Before the hook up and my good luck, man/hell no
