

## Breakdown

Bag Raiders

I looked up  
Inside your heart  
But I could find

Nothing

You took too long  
You carried on  
And now we've become  
Broken

You made your bed  
Inside my head  
We got in there  
Dreaming

I never thought I'd wake to find you here  
And now you're leaving oh leaving  
And I breakdown  
Breakdown

You wanted love  
I hold it out  
Thicker  
Than water

A tidal wave  
Of relentless rage  
Deception came  
From boredom

A call for this  
A toxic kiss  
Our love laid down  
Choking

And though it seems  
The end of all our dreams  
My heart remains  
Open
