

Wild At Heart

Bag Raiders

We climbed up a mountain, jumped out a plane
We took off our clothes and danced in the rain
They told us to stop but we did it again
Broke into the library, slept on the floor
Made love in the ocean, we took it all
They told us we couldn't, but we did it more

And we'll be wild at heart together
All that we know is to be free
Yeah we'll be wild at heart forever
'Cause dreamers never die
No, dreamers never die
No, dreamers never die

We listened to no one, we broke the rules
Behaving like lovers, acting the fool
They said we were reckless, we thought we were cool
We felt like a million, invincible
Ain't' no better feeling, top of the world
They said it was over, but they'll never learn

And we'll be wild at heart together
All that we know is to be free
Yeah we'll be wild at heart forever
'Cause dreamers never die
No, dreamers never die
No, dreamers never die
No, dreamers never die
No, dreamers never die
