

Half Mine

Bahamas

Half mine, half mine
Half of the times you were just half mine
Hard times, hard times
Yours and mine, the hardest times

For all that it's worth
You got both feet on the earth
You got body and mind
And you'd give them to me, if I give you mine

Laugh lines, laugh lines
Where do they hide when you're by my side
Free time, all my free time
Wanna spend mine, knowing those laugh lines
