

Forget You

Bahari

I hope you see me in every other girl
How does it feels when you fall asleep?
How does she tastes when you think of me?
I know you see me in every other girl
I hope that you find what you're looking for
You know you're not mine and it hurts you more

Maybe the time, it was out
Maybe it's in my hands
We both tried, we loved and we lost
You fucked me up when you said
Baby the feelings are gone
But maybe they never left
And I know I can't pretend

I can't forget you
Memories of you rewinding
Everywhere I go reminds me
I can't forget you
Even though I try my best to
I can't forget you
I can't
I can't
I can't forget you
The way you make my body feel
The way you make me cry
How can I, how can I, how can I
Forget you

I hope you see me in every other girl
Do you do all the things that I taught you
Does she kiss you the same, do you feel it too?
I know you see me in every other girl
Cause the light in your eyes doesn't shine the same
When you were mine they would never fade

Maybe the time, it was out
Maybe it's in my hands
We both tried, we loved and we lost
You fucked me up when you said
Baby the feelings are gone
But maybe they never left
And I know I can't pretend

I can't forget you
Memories of you rewinding
Everywhere I go reminds me
I can't forget you
Even though I try my best to
I can't forget you
I can't
I can't
I can't forget you
The way you make my body feel
The way you make me cry
How can I, how can I, how can I
Forget you

I can't forget you, get you, get you
I can't forget you, get you, get you
You know that I want to, want to, want to
But I can't forget you, get you, get you
