

Reasons

Bahari

I think I fell in love with you
For all the wrong reasons
I think you felt you needed me
For all the right reasons
And it went on and on this way
I gave up all that freedom
I held on and kept the faith
For all the wrong reasons
And when it's dark and you're alone
Or you're with someone you don't know
I know you know
I know you know

I put my hands in the fire
I lift my face up against your face
And then I walked away
For all the right reasons
I'm a reality denier
Cause the truth can be hard to take
And that's why I stay
For all the wrong reasons
I put my hands in the fire
I put my hands in the fire

I almost ruined my life for you
But I couldn't see it
The girl I tried to turn into
I just couldn't be it
I know you only told me lies
For all the right reasons
And I pretended like I believed them
Yeah I pretended like I believed them

I put my hands in the fire
I lift my face up against your face
And then I walked away
For all the right reasons
I'm a reality denier
Cause the truth can be hard to take
And that's why I stay
For all the wrong reasons
I put my hands in the fire
I put my hands in the fire
For all the wrong reasons
