

# Summer Forever

Bahari

It's a cruel, cruel world  
The sweeter it is  
The more that you'll miss it  
And when it feels this good  
You want it to last  
Is that too much ask?  
Play it and rewind

Days last forever, nights even better  
Under the moon, jump in my pool  
Riding the waves, oh stay, baby, stay  
Under the sun, come, baby, come  
Summer, summer  
Summer forever  
Forever, forever  
Summer forever  
Forever, forever  
Summer forever

It's a big, big sky  
The more that you stare, the more that it's endless  
And if you get too high  
You'll always come down  
Play it and rewind

Days last forever, nights even better  
Under the moon, jump in my pool  
Riding the waves, oh stay, baby, stay  
Under the sun, come, baby, come  
Summer, summer  
Summer forever  
Forever, forever  
Summer forever  
Forever, forever  
Summer forever

Moon on the water  
Day's getting hotter  
Feet in the sand  
Holding your hand  
Pass to the right side  
Hand me a mai tai  
Dreams are for real  
That's how this feels  
That's how this feels

Forever, forever  
Summer forever  
Forever, forever  
Summer forever

Days last forever, nights even better  
Under the moon, jump in my pool  
Riding the waves, oh stay, baby, stay  
Under the sun, come, baby, come  
Summer, summer  
Summer forever

Forever, forever  
Summer forever  
Forever, forever  
Summer forever
