

I don't want you back, you know that's a fact
'Cause you broke my heart, really did me bad
Now I'm moving forward, ain't no looking back
You see me going up and you can't handle that

'Cause when you had a real bitch, boy you couldn't keep up
And I know you see me shining, I got diamonds on my sneakers
Now I'm happy, I be smiling till my cheeks hurt
If I do you like you did me, it's gon' hurt worse

'Cause even when you walked out (I was there)
Yeah, even when you did wrong (I ain't leave)
But now those days are over
There's nothing left to say, I gotta show ya

Yeah, I don't play no games with these niggas
I just send 'em packing then I count my figures
Oh, I got 'em bad 'cause I just went big up
Oh, I got 'em bad 'cause I just went big up
But don't play no games with these niggas
I just send 'em packing then I count my figures
Oh, I got 'em bad 'cause I just went big up
Oh, I got 'em bad 'cause I just went big up

I don't want you at all
There ain't nothing you can do to change the outcome
You don't seem to get it
Do ya? Boy you fucked up

Don't want excuses, don't need 'em
It doesn't matter, we can't come back from here
All of the trust I had in you is shattered
And it took a lotta love for me to hate you the way I do

'Cause even when you walked out (I was there)
Yeah, even when you did wrong (I ain't leave)
But now those days are over
There's nothing left to say, I gotta show ya

Yeah, I don't play no games with these niggas
I just send 'em packing then I count my figures
Oh, I got 'em mad 'cause I just went big up
Oh, I got 'em mad 'cause I just went big up
Look, don't play no games with these niggas
I just send 'em packing then I count my figures
Oh, I got 'em mad 'cause I just went big up
Oh, I got 'em mad 'cause I just went big up
