

# Crashing

**Bahja Rodriguez**

Tried to stay down  
But then shit changed  
So you know I had to let go

Everybody say they love me  
But they all acting funny  
Where they at doe ahhh

Sometimes I feel the clock is running down  
My dreams fall on death ears no ones around

Everything crashing down on me  
Everything crashing down on me  
Everything crashing down on me  
Everything crashing down on me

Feels like everything is crashing down  
Feels like everything is crashing down  
Feels like everything is crashing down  
Feels like everything is crashing down

Everything crashing down on me  
Everything crashing down on me  
But little do they know  
That I'm about to blow  
They sleeping on the kid  
Watch how that shit go

Pay attention  
Eyes open  
I'm gone  
Just know next time you see me  
I'll be on

And everything's looking bright for me  
Cause niggas start believing  
And they starting to see it  
Ain't no more looking down on me

Ah dam man  
You missed it  
And ah dam man  
I know you hate to see me come this far

Oh everything crashing down on me  
Everything crashing down on me  
Niggas ain't believe  
And they tried to deceive

They making me perceive  
That they was tryna feed  
But all they did was take  
And then they tried to leave  
They slipped right underneath like...

Everything crashing down on me  
Everything crashing down on me

Everything crashing down on me  
Everything crashing down on me

Feels like everything is crashing down  
Feels like everything is crashing down  
Feels like everything is crashing down  
Feels like everything is crashing down
