

## Damage

Bahja Rodriguez

Everything I say, you think that I'm telling a lie  
Try to play it off but then you say it all the time  
You can't even fathom, what it's like  
To love someone that you don't even like

Damn I hate that bitch who broke your heart  
'Cause she made you hard to love  
Now I'm fighting for your trust  
But it seems that's not enough

Every time I turn around, we arguing  
Back and forth, up and down, I'm tired of this  
I don't know if I can be a part of this  
At least you know I really gave my all to you, yeah

Look at the damage, look what you did to my heart  
When I tried to do you right, whoa, oh  
Look at the damage, look what you did to our love  
When I tried to build us up, yeah

I wanted to fix it but your actions said you don't  
Every time I try to talk, you said I do the most  
Now I hear you loud and clear so you're free to go  
You can do your thing, I promise I don't care no more

'Cause I see it's time to move on now  
There's nothing to figure out  
Boy, you lost a real one, really hate it for ya  
But it's all above me now

'Cause every time I talk we get to arguing  
Back and forth, up and down, I'm tired of this  
I don't know if I can be a part of this  
But now you know I really gave my all to you, yeah

Look at the damage, look what you did to my heart  
When I tried to do you right, whoa, oh  
Look at the damage, look what you did to our love  
When I tried to build us up, yeah
