They say age ain't nothing but a number  
But I think that it play a big factor, here  
No I don't wanna move no faster  
Cause your perfect  
And I think that your worth it  
So I just wanna take my time

The love we make is crazy  
But I'm not complacing  
Cause you ain't the same  
I can't hit it and quit it  
What we have is different  
I know it's gone take us some time, oh (Oh, oh)  
Just know that I keep you in mind boy

I see something more  
You make me think about my future  
That's why I need more, time  
So life can be good when I make you mine  
More boy, more boy, more boy  
So life can be good when I make you mine

I can only keep it real with ya  
You the only one that ever made me feel this way  
It's not that I can't deal with ya  
Wanna build with ya  
And you know what they say  
"If you water your garden you'll see it grow"  
Boy I just thought I should let you know  
I know you don't get it  
But I need you to listen

The love we make is crazy  
But I'm not complacing  
Cause you ain't the same  
I can't hit it and quit it  
What we have is different  
I know it's gone take us some time, oh (Oh, oh)  
Just know that I keep you in mind boy

I see something more  
You make me think about my future  
That's why I need more, time  
So life can be good when I make you mine  
More boy, more boy, more boy  
So life can be good when I make you mine

I see something more  
You make me think about my future  
That's why I need more, time  
So life can be good when I make you mine  
More boy, more boy, more boy  
So life can be good when I make you mine

I'm a treat you like I should  
I'm a treat you like you deserve babe
