

# Don't Call Me

Bailey Bryan

Don't call me yours  
Cause I'm not anymore  
Don't call me beautiful  
Cause you didn't before  
And don't call me out  
When I'm just out here living my life  
Don't call me up  
Cause you know I'll pick up in the middle of the night

I wanna kiss somebody else and not feel bad about it  
I wanna feel honest when I say that I'm unattached but  
You showing up and interrupting all my parties  
You pull the same card like a game of fucking sorry  
Quit saying sorry  
You didn't want me  
Now I don't know you want from me

One text hits like a wrecking ball  
Get outta my head and everywhere else you don't belong

Don't call me yours  
Cause I'm not anymore  
Don't call me beautiful  
Cause you didn't before  
Don't call me out  
When I'm just out here living my life  
Don't call me up  
Cause you know I'll pick up in the middle of the night

(Don't call me  
Yeah  
Please, don't call me)

Ah  
Renamed your number don't answer so when you hit my phone  
I remember if you really loved me you would leave me alone  
You'd be happy that I'm finally doing better  
Lie and say that we were never good together  
Or say whatever  
Say whatever

Just don't call me yours  
Cause I'm not anymore  
Don't call me beautiful  
Cause you didn't before  
And don't call me out  
When I'm just out here living my life  
Don't call me up  
Cause you know I'll pick up in the middle of the night

(Don't call me  
Yeah  
Please, don't call me)

One text hits like a wrecking ball  
Get outta my head and everywhere else you don't belong

And don't call me yours  
Cause I'm not anymore  
Don't call me beautiful  
Cause you didn't before  
Don't call me out  
When I'm just out here living my life  
Don't call me up  
Cause you know I'll pick up in the middle of the night  
Don't call me...
