

Hard Drive Home

Bailey Bryan

Your hand in my hand
We stand putting off goodbye in the driveway
Wish I could stop time, rewind
Give anything for one more day

It's so hard to say
If we're gonna make it

So please don't go
'Cause all I know
Is I wanna keep you close
Forever is over
Now I'm alone
Can't see the road
With these tears in my eyes
It looks like
It's gonna be a hard drive home

Our song on the radio
Oh no
It don't help this heartbreak highway
These miles I'm trying to find
A little hope in the pouring rain

Turn this car around
'Cause I can't stop thinking about

So please don't go
'Cause all I know
Is I wanna keep you close
Forever is over
Now I'm alone
Can't see the road
With these tears in my eyes
It looks like
It's gonna be a hard drive home

Come back to me like you promised you would
Don't go changing your mind 'cause I know that you could
I'll be here when you cross
Saying you'll be coming home
All I know
All I know
Forever can't be over

So please don't go
'Cause all I know
Is I wanna keep you close
Forever is over
Now I'm alone
Can't see the road
With these tears in my eyes
It looks like
It's gonna be a hard drive home
