

Own It

Bailey Bryan

I'm right even when I'm wrong
I break things like hearts and iPhones
Patsy Cline when it's raining
In the car with my friends, I'm Jay Z
Can't dance but I won't stop
In my little black dress and hightops
Don't care but still get jealous
Without GPS, I'm helpless
But I'm not gonna stress
I'm such a beautiful mess

Who cares what they say
I never listen anyway
In my head, yeah I'm cool
Gonna keep making my own rules
So call me crazy
Dysfunctional, maybe
I don't care, I'll show it
'Cause I own it
Own it, own it
'Cause I own it
Own it, own it
Oh, oh

I'm ambitious but don't like work
I write love songs, can't flirt
Awkward in conversation
But I'm Shakespeare when I'm texting, ha
Sweatpants but I'm still a lady
Trip and fall in public, gracefully
Wild, but I'm nerdy
I party hard 'til at least 9:30

Who cares what they say
I never listen anyway
In my head, yeah I'm cool
Gonna keep making my own rules
So call me crazy
Dysfunctional, maybe
I don't care, I'll show it
'Cause I own it
Own it, own it
'Cause I own it
Own it, own it
Oh, oh

Own your coolness
Own your crazy
Own your story in the making
Own your passion
Own your style
Own your stupid
Own your brave and
Own your wings and your mistakes
Own your style
Own your stupid
We're not gonna stress

We're all such a beautiful mess

Who cares what they say
We never listen anyway
In our heads, yeah I'm cool
Gonna keep making our own rules
So call us crazy
Dysfunctional, maybe
We don't care, we'll show it
'Cause we own it
Own it, own it
We own it
Own it, own it
Oh, oh
We own it
Own it, own it
We own it
Own it, own it
Just own it
