

# Passion

Bailey Bryan

Vintage on like I'm Madonna, nothing underneath  
Yeah, I ain't here to meet your momma  
Push it, press it, let's be honest, you wanna go deep?  
You could be my Sunday morning

Baby, I just want that  
Phone call in the middle of the night, yeah  
Let me know you're trying  
Up late why you waiting on timing?  
No pressure no diamonds  
Don't be so predictable  
I need some original  
We both know you can get it so  
Why you trying to take it slow?

You know I need passion  
So close but you keep lacking  
Come talk to me, be true  
'Bout all the things that we do  
You know I need passion...

This here top tier change your life, yeah  
But it don't come cheap, oh yeah yeah  
Fuck all your money come and spend your time  
Spend your time on me  
Tell me all your fears about the future  
Now you got me here ain't gotta do much  
If it's true love

I want that  
Phone call in the middle of the night  
Yeah, let me know you're trying  
Up late why you waiting on timing?  
No pressure, no diamonds  
You don't be so predictable  
I need some original  
We both know you can get it so  
Why you trying to take it slow?

You know I need passion  
So close but you keep lacking  
Come talk to me, be true  
'Bout all the things that we do  
You know I need passion...

Tell me why you wanna waste all of my time  
No, I ain't about to chase I'm way too fine  
Who you lying to, cuz I been through it  
Are you high?  
You know, I

You know I need passion  
So close but you keep lacking  
Come talk to me, be true  
'Bout all the things that we do  
You know I need passion...
