

# Sober

Bailey Bryan

Hmm, hmm-hmm, hmm  
All I'm thinkin'

What an unfortunate circumstance  
Go together so good it could never last  
But baby, even if it could, what's the fun in that?  
Would rather savor every kiss like it is our last  
'Cause it could be our last

Last time I fell in love it  
Did me in, yeah, messed me up and  
The last girl you fell in love with  
Had her issues, you got sucked in  
Swore you'd never, ever go there again  
And I don't blame you, 'cause I am where you been  
I'm just trippin' on the taste of your lips  
Gonna have to say goodbye but for tonight

We're not gon' cry about it  
Just gon' pour some wine about it  
I'm gonna need some closure  
But right now I need you closer  
I waited my life to find this  
And now it's just messed up timing  
Promise me when it's over  
You'll think of me when you're sober  
When you're sober, yeah

What an unfortunate circumstance  
We started off so strong, now we're steppin' back  
'Cause I got in over my head, started panickin'  
Like I know I'm really not ready now to meet my last  
But you could be my last

Last time I fell in love it  
Did me in, yeah, messed me up and  
The last girl you fell in love with  
Had her issues, you got sucked in  
You swore you'd never, ever go there again  
And I don't blame you, I'm the worst with this shit  
Say you trippin' on the taste of my lips  
And I don't wanna say goodbye

So we're not gon' cry about it  
Just gon' pour some wine about it  
I'm gonna need some closure  
But right now I need you closer  
I waited my life to find this  
And now it's just messed up timing  
So promise me when it's over  
You'll think of me when you're sober

Yeah, the last time I fell in love it  
Did me in, yeah, messed me up and  
The last girl you fell in love with  
Well, she ain't me, so

We're not gon' cry about it  
Just pour me some wine about it  
I'm gonna need some closure real soon  
But right now I, I just need you  
I waited my life to find this  
And now it's just messed up timin'  
So promise me when it's over  
You'll think of me when you're sober  
Oh, when you're sober (When you're sober)  
(When you're sober, yeah, yeah, yeah)
