

# Upside Down

Bailey Bryan

Got me upside down  
And inside out  
I had rough night  
How you turn right round  
Keepin' me up  
Right now  
You in my house  
Till morning  
Hey now, yeah

Might wanna pretend you never happened  
Happy how you have me now but later I'll be anxious  
Take it slow cuz if we don't we both know that it has to end  
It's tragic and it's magic and its tiring

I'm so sick of setting myself up and needing closure  
Wonder if we lovers or just scared to be alone, yeah  
I'm dreading the ending yet we keep on getting closer now  
Now

Got me upside down  
And inside out  
I had rough night  
How you turn right round  
Keepin' me up  
Right now  
You in my house  
Till morning  
Hey now, yeah

Got me upside down  
And inside out  
I had rough night  
How you turn right round  
Keepin' me up  
Right now  
You in my house  
Till morning  
Hey now, yeah

Riding on your wave but now I'm crashing  
I don't know what happened  
Reading into captions  
I just can't relax when  
You ain't hitting me back, yeah  
Hit you up are you mad, yeah  
Had enough of my past damn

I'm so sick of setting myself up and needing closure  
Wonder if we lovers or just scared to be alone, yeah  
I'm dreading the ending yet we keep on getting closer now  
Now

Got me upside down  
And inside out  
I had rough night  
How you turn right round

Keepin' me up  
Right now  
You in my house  
Till morning  
Hey now, yeah

But it's alright  
We could do this every night  
Cuz it's our time  
We can waste it how we like  
The way we keep on getting closer got me

Got me upside down  
And inside out  
I had rough night  
How you turn right round  
Keepin' me up  
Right now  
You in my house  
Till morning  
Hey now, yeah

Got me upside down  
And inside out  
I had rough night  
How you turn right round  
Keepin' me up  
Right now  
You in my house  
Till morning  
Hey now, yeah
