

## Backup Plan

Bailey Zimmerman

So your back's backed up against the wall  
And the bandwagon's fallen right off  
And you're hearing all the talk about  
"Maybe you should think about whatcha gonna do if it don't work out"  
It ain't about if it makes sense  
'Cause if the boot do, it don't fit  
As far as I can see, there ain't no way to be somebody if you're just gon' quit

So if you got a fire, don't lose it  
If you got a do-or-die dream, do it  
If you got something to prove, go on 'n' prove it  
Don't let nobody clip your wings  
Keep your head down, keep on the blinders  
Tune out the doubters and all the closed-minders  
If it's in your blood, falling down ain't enough to change who you were born to be  
And gettin' back up, that's the only backup plan you need

Well, life's got a lotta sticks 'n' stones  
And a blade that'll cut you to the bone  
But if you're doing what you love and it kills you  
Well, you can live with that all day long

So if you got a fire, don't lose it  
If you got a do-or-die dream, do it  
If you got something to prove, go on 'n' prove it  
Don't let nobody clip your wings  
Keep your head down, keep on the blinders  
Tune out the doubters and all the closed-minders  
If it's in your blood, falling down ain't enough to change who you were born to be  
Gettin' back up, that's the only backup plan you need

So if you got a fire, don't lose it  
If you got a do-or-die dream, do it  
If you got something to prove, go on 'n' prove it  
Don't let nobody clip your wings  
Keep your head down, keep on the blinders  
Tune out the doubters and all the closed-minders  
If it's in your blood, falling down ain't enough to change who you were born to be  
And gettin' back up, that's the only backup plan you need  
Yeah, gettin' back up, that's the only backup plan you need
