

# Comin' In Cold

Bailey Zimmerman

She's a little miss reckless  
Trainwreck in a red dress  
She's all up in my head  
And my guess is she'll show up here tonight  
Lookin' for a tab to put some trouble on ice

She's everything I want  
And nothing that I need  
She always leaves a hurtin' on me

Speak of the devil  
She must've heard me thinkin' 'bout her  
'Cause here she comes and there I go  
Different night, same rodeo  
I know I know better  
But I've got a way of holdin' on  
To the ones that let me go  
Set me on fire, put me out like smoke  
She's a heartbreak comin' in cold

Cold  
Cold  
Cold  
Cold

She's a neon nightmare  
Make you think it's going somewhere  
Yeah, she'll let you get right there  
Then I swear she'll go and let you down  
Like she's about to do right now, yeah

Speak of the devil  
She must've heard me thinkin' 'bout her  
'Cause here she comes and there I go  
Different night, same rodeo  
I know I know better  
But I've got a way of holdin' on  
To the ones that let me go  
Set me on fire, put me out like smoke  
She's a heartbreak comin' in  
She's a heartbreak comin' in cold

She's cold as that old river  
And that late December rain  
But nothing's quite as cold  
As the way she walks away

Speak of the devil  
She must've heard me thinkin' 'bout her  
'Cause here she comes and there I go  
Different night, same rodeo  
I know I know better  
But I've got a way of holdin' on  
To the ones that let me go  
Set me on fire, put me out like smoke  
She's a heartbreak comin' in  
She's a heartbreak comin' in cold

Cold
